Greetings from the Director:

A true Valley story

On the hot evening of Cone for a Cause, sponsored by Nancy and Rob Clark of Trail’s End Ice Cream, Jill and I were sitting at our Gibson benefit table.

A family including grandparents, daughter and two teenage kids came to have a summers evening cone. Gwen, the grandmother, came and sat near me on the bench and of course we got talking about their trip from Alabama that was fraught with flight delays, flood detours, washed out adventure plans on the Saco, etc. After I tried to cheer them a bit I asked them where they were staying. Notchland Inn but they were in trouble because the inn keepers hadn’t gotten their message that they would not be able to be there for their reserved dinner. No cell service, texts not going through, miscommunications up in the Notch and they felt terrible. I said, I know Ed and Les, and they are wonderful people and of course you and they are disappointed but it will be alright. We chatted along about Gibson, Meals on Wheels, making friends, HomeSharing and all of this while waiting for their luscious ice cream cones. We parted as newly made friends.

Next morning when I went to go ask Karen a question in the Thrift Store, low and behold, who happens to walk into the store but the Alabama family – happy, no longer in trouble, glad they came to the Valley and making plans to return. They shared their names and numbers for me to make plans to visit near Pensacola.

The message for me – we in the Valley are connected and no one needs to be a stranger for long.

On August 1st, the Gibson is thrilled to be hosting the Safe and Smart Home Expo at the Farmer’s Market at the North Conway Community Center from 4:00-8:00 PM. Thanks to a Community Challenge Grant from AARP we are able to bring the Smart Home on Wheels from Oak Hill, Conn. to be our centerpiece. This tiny home has been outfitted with adaptive and assistive technology to enhance independent living for people of all abilities and disabilities. Visitors will be guided through demonstrations of eye-movement controlled environment regulators, voice-activated security and lighting systems and so much more.

Also on hand we will have Occupational Therapists with checklists for home safety, Renee Wheaton who is the coordinator of our Stay Safe, Warm and Dry home modification program, experts from AARP in HomeFit and Making Room, MWV Housing Coalition with demonstrations of ADUs and Sally Jo Pollard from Milford Flooring talking about universal design.

Having safe, affordable senior housing is not just about building more units. We strongly believe being safe, secure and happy in the homes we live in now is achievable with forethought, innovation and planning. We are pleased AARP supports these concepts.

Nutrition Tips: Are Food Labels causing you to throw away good food?

Expiration, Use-By and Sell-By dates: What do they really mean? Adapted from:

The following guidelines and information should help to take the guesswork out of determining whether or not your food is safe to eat.

Dating is not required by US Federal law, with the exception of infant formula and baby foods which must be withdrawn by their expiration date. For all other foods, except dairy products in some states, freshness dating is strictly voluntary on the part of manufacturers.

So what do these terms mean for consumers?

Expiration Date: If you have a product with an expired expiration date, throw it out. While other dating terms are used as a basic guideline, this one is absolute.

Best if Used-By and Use-By date: "Use-By" or "Best if Used By" dates are a suggestion for when the food item will be at its best quality. Food can be consumed past this date, but may have decreased in flavor, texture, or appearance. "Use-By" dates are most often found on canned goods, dry goods, condiments, or other shelf stable items.

Sell-By date: Many fresh or prepared foods are labeled with a "Sell-By" date as a guide for how long the item should be displayed for sale before quality deteriorates. Items are generally safe for consumption after this date, but may begin to lose flavor or eye appeal. "Sell-By" dates are chosen with the assumption that the buyer may store or eat the item a few days after purchase. Food in the refrigerator past the sell by date does not need to be thrown away.

Guaranteed Fresh: This date is often used for perishable baked goods. Beyond this date, freshness is no longer guaranteed, although it may still be edible.

So all of this assumes foods are stored at the right temperature. Next month we will talk about storing food safely at home.

Grateful for Gibson Meals on Wheels

In June we received this lovely handwritten letter that I reprint for you all to read:

"I am new to the Meals on Wheels Program. I have been taking care of many elderly people, which I am now. So, I have seen many meals that were delivered to them. And I must say that your meals rate #1. I can tell that yours are made with love and compassion. Your meals are not over-cooked and actually have a lot of flavor, which is amazing. If it wasn’t for these meals, I would be eating microwave meals and sandwiches every meal. Thank you again to all the kitchen staff and delivery people. I appreciate you all. You are very special people as far as I am concerned. Thank you again."

My thanks to all the nutrition and kitchen staff, all the volunteers and those who donate food for Meals on Wheels. Call 603-356-3231 to enroll.
Told to one of the Thrift Store volunteers, “We go thrifting all over New England. This is by far the nicest. It is clean, organized and delightful for browsing. You have no idea what you are going to find. You have remarkable variety and high end items and we can tell you work really hard to make it a fun experience.”

New to Medicare: Individual Counseling

Anyone turning 65 has to make informed decisions about Medicare enrollment. It can be a daunting experience. Let our board member, Ele Border introduce you to your options in an unbiased, unaffiliated and pleasantly educational manner. She is meeting with individuals or couples for counseling sessions. All people turning 65 have 6 months to sign up for Medicare (3 months before and the three months after one turns 65) without a penalty in the future. She can explain your options and how to understand the differences between Medicare Advantage Plans and traditional Medicare.

Please call 603-356-3231 to schedule your personal appointment with Ele. We are now making appointments for September.

Window Dressers Helps Reduce Winter Fuel Bills

MWV Age-Friendly Community Housing and the Tin Mountain Conservation Center invite you to apply to have your windows insulated this winter and for years to come. The pine frame/double plastic lined inserts can cut heating fuel bills by 30% in some homes.

You must request inserts immediately by going to https://windowdressers.org/sign-up-for-inserts/ or emailing nbeem@tinmountain.org so you can be scheduled for measurements.

Precise measurements are done by mid September so the frames can be manufactured in time for the Community Build being held in October. We will be calling for volunteers to help with the Community Build as the time approaches. We have heard wonderful reviews from past homeowners and we have benefitted from several being used at the Gibson Center itself. Churches, town buildings, and other sites are eligible.

The inserts are free for those who cannot afford to pay, and low cost for middle and high income households through the non-profit model of local Community Builds.

Kennett High School 100th Anniversary

Kennett High School is celebrating its 100th anniversary in September. On Friday September 22nd there will be a showing of "The Conway Boy" and the "Conway Girl" at the Majestic Theater. Afterwards there will be a parade through Conway. We will enter the Gibson Center bus in the parade, and offer transportation to the Friday evening events (movies, parade and food trucks).

We will be planning the decorations for the bus, and have a lottery to determine who will get to ride in the parade. Perhaps Kennett graduates from the earliest years? Do we have any members who graduated the 40’s, 50’s, ? Please call to offer to help with the decorations, and to sign up to ride on the bus. 603-356-3231

Caregiver Peer Support: There are caregivers who have probably experienced your challenges & can offer a non-judgmental ear. Currently caregivers prefer phone calls so they can keep their loved ones safe.
